

Institute for Sustainability Africa (INŚAF)

www.instforsustainafrica.org

A young green plant with several leaves growing out of a piece of wood. The plant is the central focus, with its stem and leaves clearly visible. The background is a soft, out-of-focus green, suggesting a natural setting. The overall tone is positive and hopeful, emphasizing growth and sustainability.

*"It takes 20 years to build a reputation
and five minutes to ruin it. If you think
about that you'll do things differently."*

Warren Buffet

Think Sustainability!

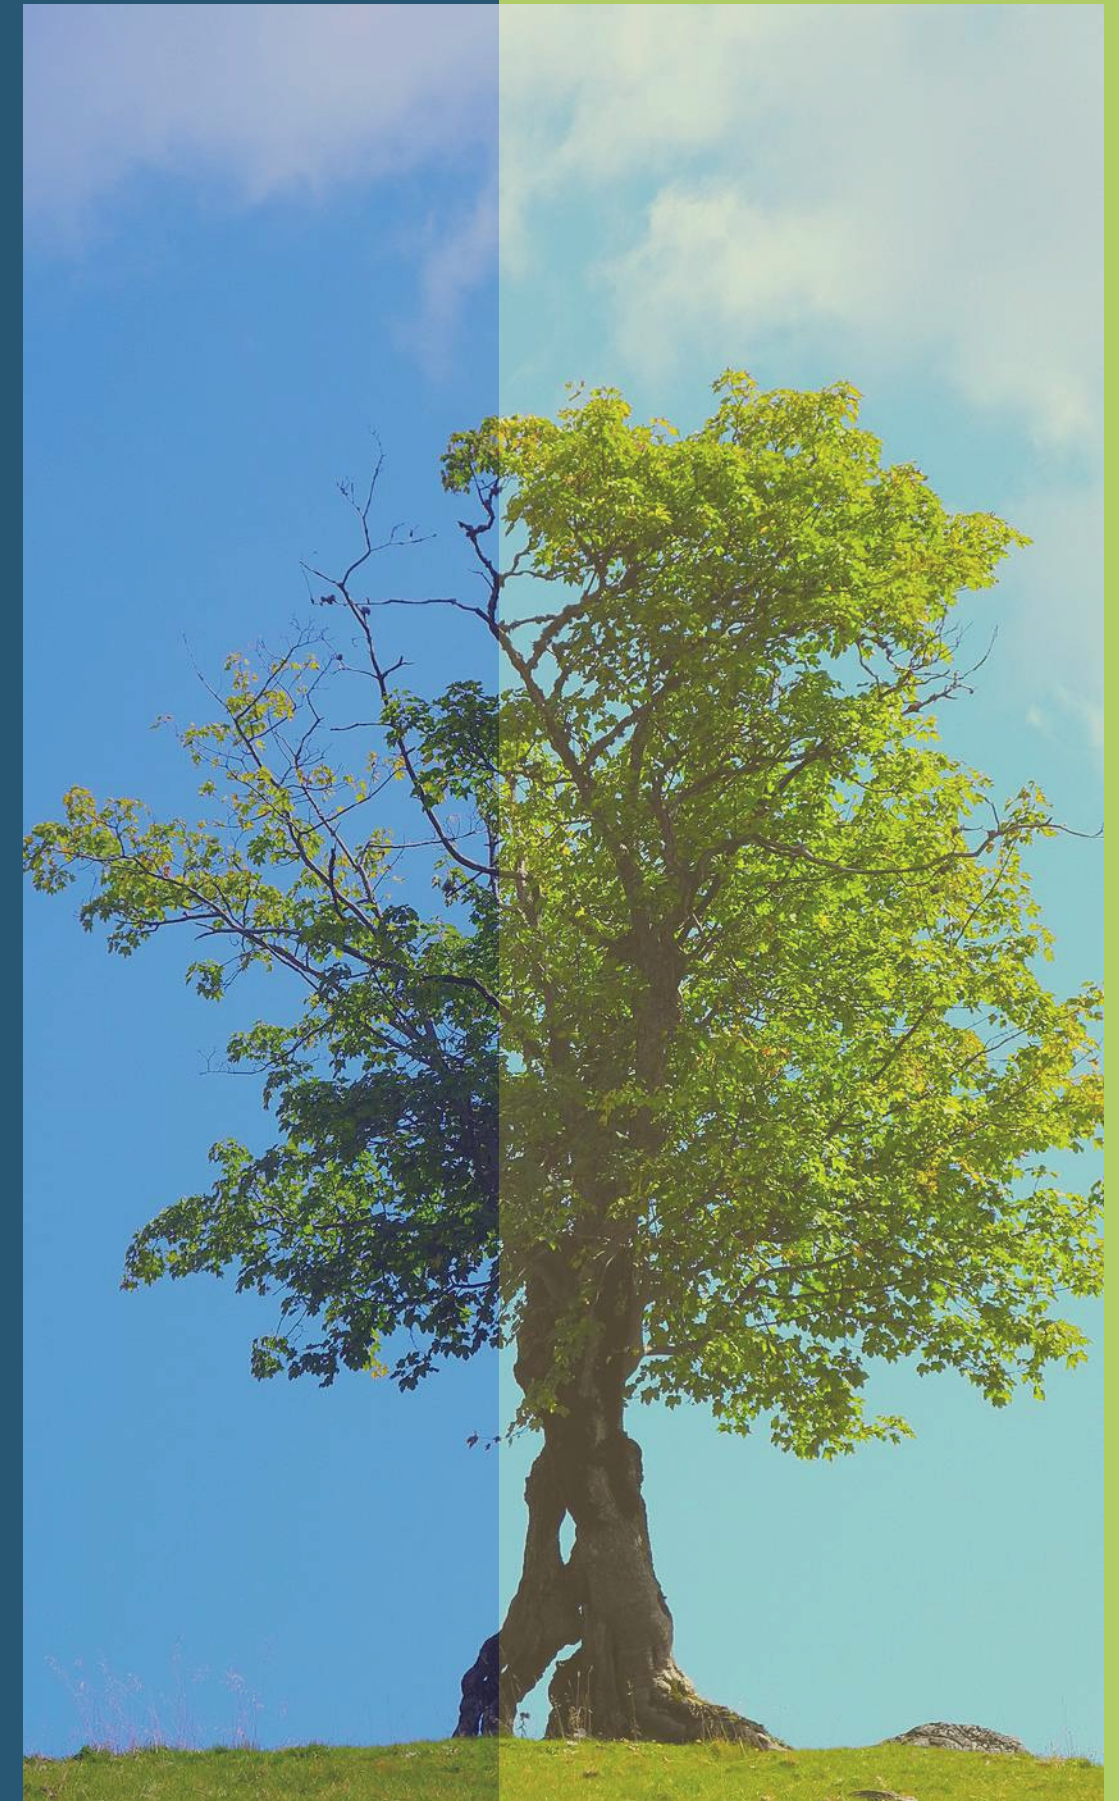

About the Institute

Institute for Sustainability Africa (INŚAF) is an independent multi-disciplinary think tank and research Institute which focuses on sustainability and sustainable development in Africa.

Founded in 2010 and registered in Zimbabwe as an Independent Trust (MA1218/2012), the Institute provides the strongest possible professional focus while dedicating itself to being an international center of excellence on sustainability and sustainable development in Africa.

We work exceptionally hard to understand the needs of our stakeholders. We provide and execute integrated and holistic solutions to sustainable impacts through :

1. International perspective,
 2. High quality service deliveries,
 3. In depth knowledge and experience,
 4. Purpose driven and
 5. Impact focused
