ESG CONFERENCE 2ND EDITION SET FOR OCTOBER

INSAF NEWS

ST JOHNS COLLEGE SPRING FAIR 2025

St. John's College celebrated 25 years of the beloved spring fair on Saturday the 6th and Sunday the 7th of September 2025, our organization took the wonderful opportunity to connect with the community and share our mission and values. The fair, organized by dedicated parents of the college, transformed the college grounds into a vibrant and lively hub of activity, drawing in families and friends.

ABOUT THE WEEKEND

Our organization had a stall showcasing initiative that promote sustainability and social responsibility. We also shared materials with information on the various services that we specialize in which include Sustainability Advisory, Sustainability Assurance, and Training. It was a wonderful time of interacting with interested parties and sharing our passion for sustainability with them and having the majority jumping on the bandwagon and realizing the importance of *Making Sustainability Happen*. This vibrant gathering not only highlighted the importance of community engagement but also reinforced our commitment to fostering connections that benefit organizations, businesses, people and the environment.
