#### SUSTAINABILITY NEWS

**AROUND THE GLOBE....** 

### Coca-Cola Commits to Improve Recycling Claims Following EU Greenwashing Complaint.

The agreement follows an alert issued in November 2023 by the BEUC, along with member organizations from 13 countries against bottling companies including Coca-Cola, Danone and Nestlé, reporting that the companies were making misleading commercial claims about the recyclability of their products. Read more...<a href="https://www.esgtoday.com/coca-cola-commits-to-improve-recycling-claims-following-eu-greenwashing-complaint/">https://www.esgtoday.com/coca-cola-commits-to-improve-recycling-claims-following-eu-greenwashing-complaint/</a>

#### Sector Standard for Mining: A Standard for a responsible mining sector.

GRI 14: Mining Sector 2024 addresses the pressing need for consistent, granular, and complete reporting on the sector's wideranging impacts and contributions to sustainable development. The Standard sheds light on the dual nature of the mining sector......... Read more.....https://www.globalreporting.org/standards/standards-development/sector-standard-for-mining/

## SUSTAINABILITY NEWS IN AFRICA....

Heirs Holdings, GIVO Africa Partner To Tackle Plastic Waste For Sustainability.

Heirs Holdings, a leading pan-African investment company with a portfolio spanning the power, energy, financial services, hospitality, real estate, healthcare and technology sectors, has announced its strategic partnership with GIVO Africa, a climate technology and recycling company, reinforcing the company's deep commitment to driving initiatives that deliver meaningful impact. The future we choose: Why urgent action on sustainability is South

Africa's only option

As South Africa faces increasing climate risks, water scarcity, and economic disparity, the urgency to meet the United Nations Sustainable Development Goals (SDGs) has never been greater. The financial sector plays a crucial role in shaping a sustainable future, and Nedbank has positioned itself as a leader in this space. Read
